

How Technology Enhances our Humanity

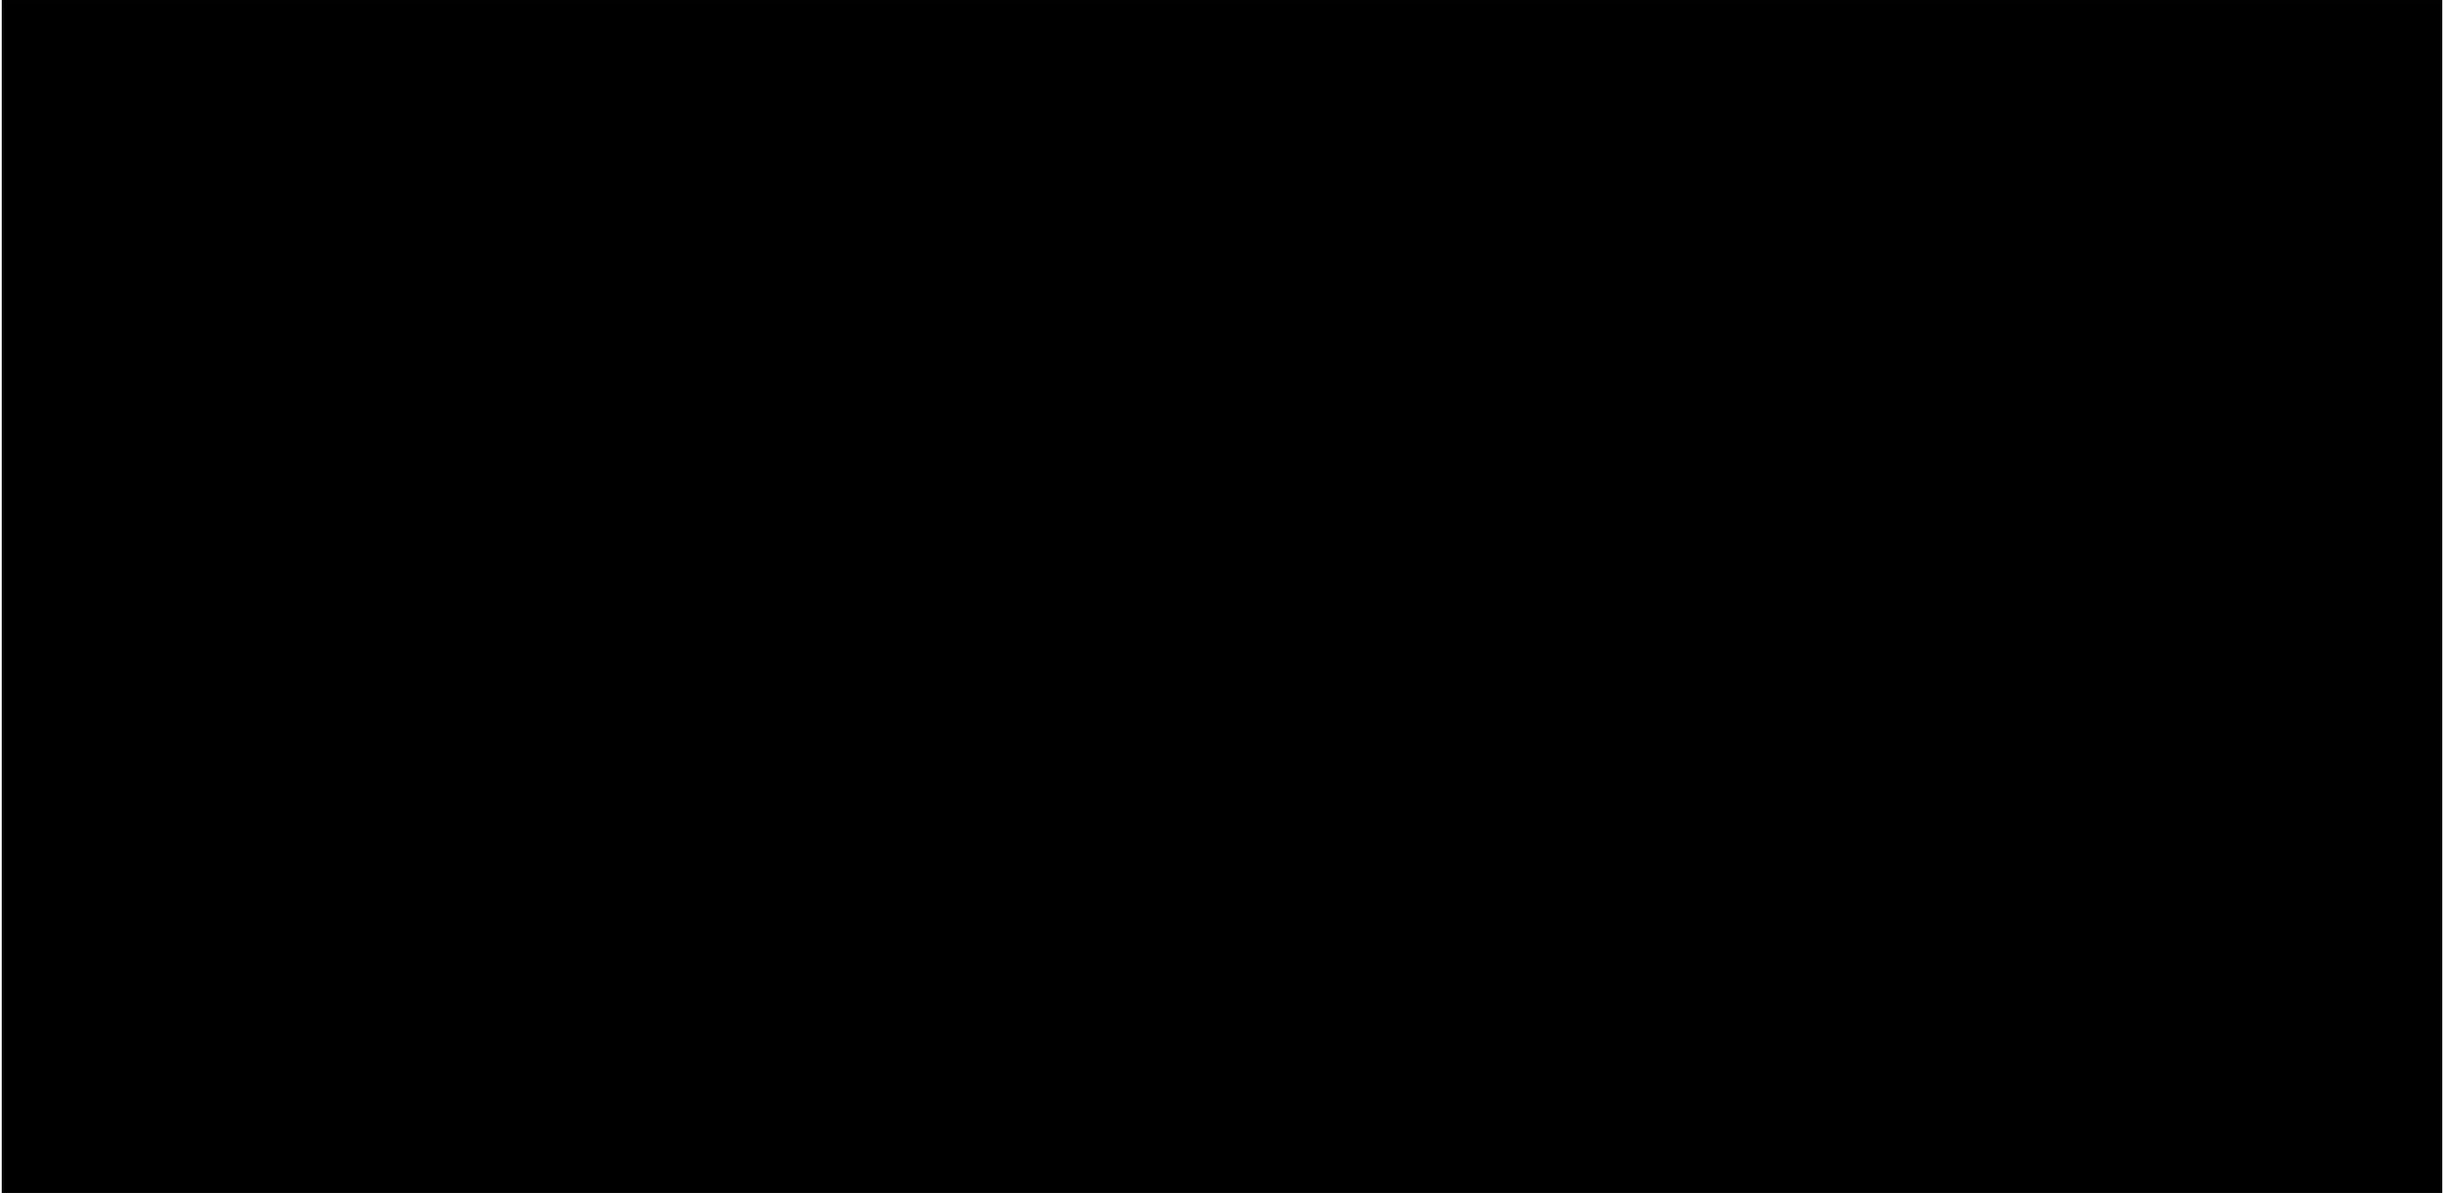

The Power of Human Experience Management (HXM)

Marc Havercroft
Chief Customer Officer, SAP SuccessFactors

PUBLIC

#humanexperiencemanagement

Digital is here

**Too often we fear
technology instead
of embracing it**

**We need talent
managers who
empower people
with technology.**

**Putting people at the
center of business**

Human-focused organisations

PUNCH
TODAY
IN THE
FACE.

We need to fundamentally change three key parts of business today to get the most out of people:

1. the experiences you deliver
2. how your business is organised
3. how you make decisions

A close-up, low-angle shot of a human hand reaching upwards, palm facing up. The hand is positioned in the lower third of the frame. The background is a soft-focus landscape featuring a bright sun at the top center, creating a lens flare effect. A vibrant rainbow arches across the middle ground, its colors appearing slightly blurred due to the shallow depth of field. The overall color palette is warm, dominated by yellows, oranges, and soft blues.

Make it mine

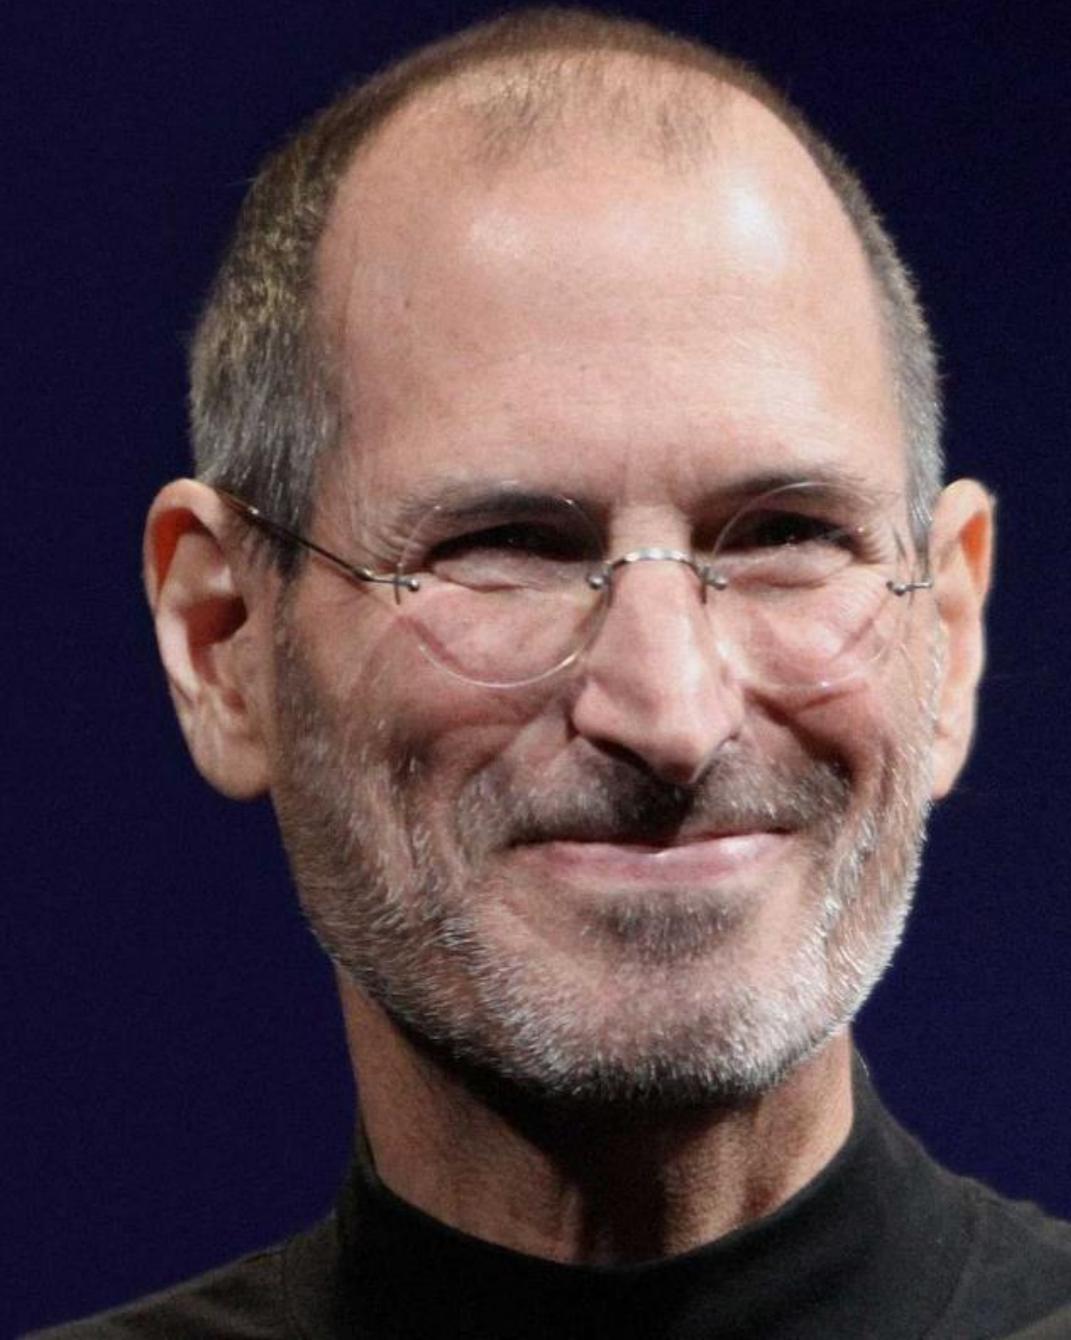

**Your people *are*
your business**

**Your customers want
great experiences– your
people are no different**

**Steve Jobs once said:
“You’ve got to start
with customer
experience and work
back toward the
technology, not the
other way around.”**

Stronger together

Connection

topple the pyramid

BOSS

Leader

**New kind
of leader**

**This means using
digital today**

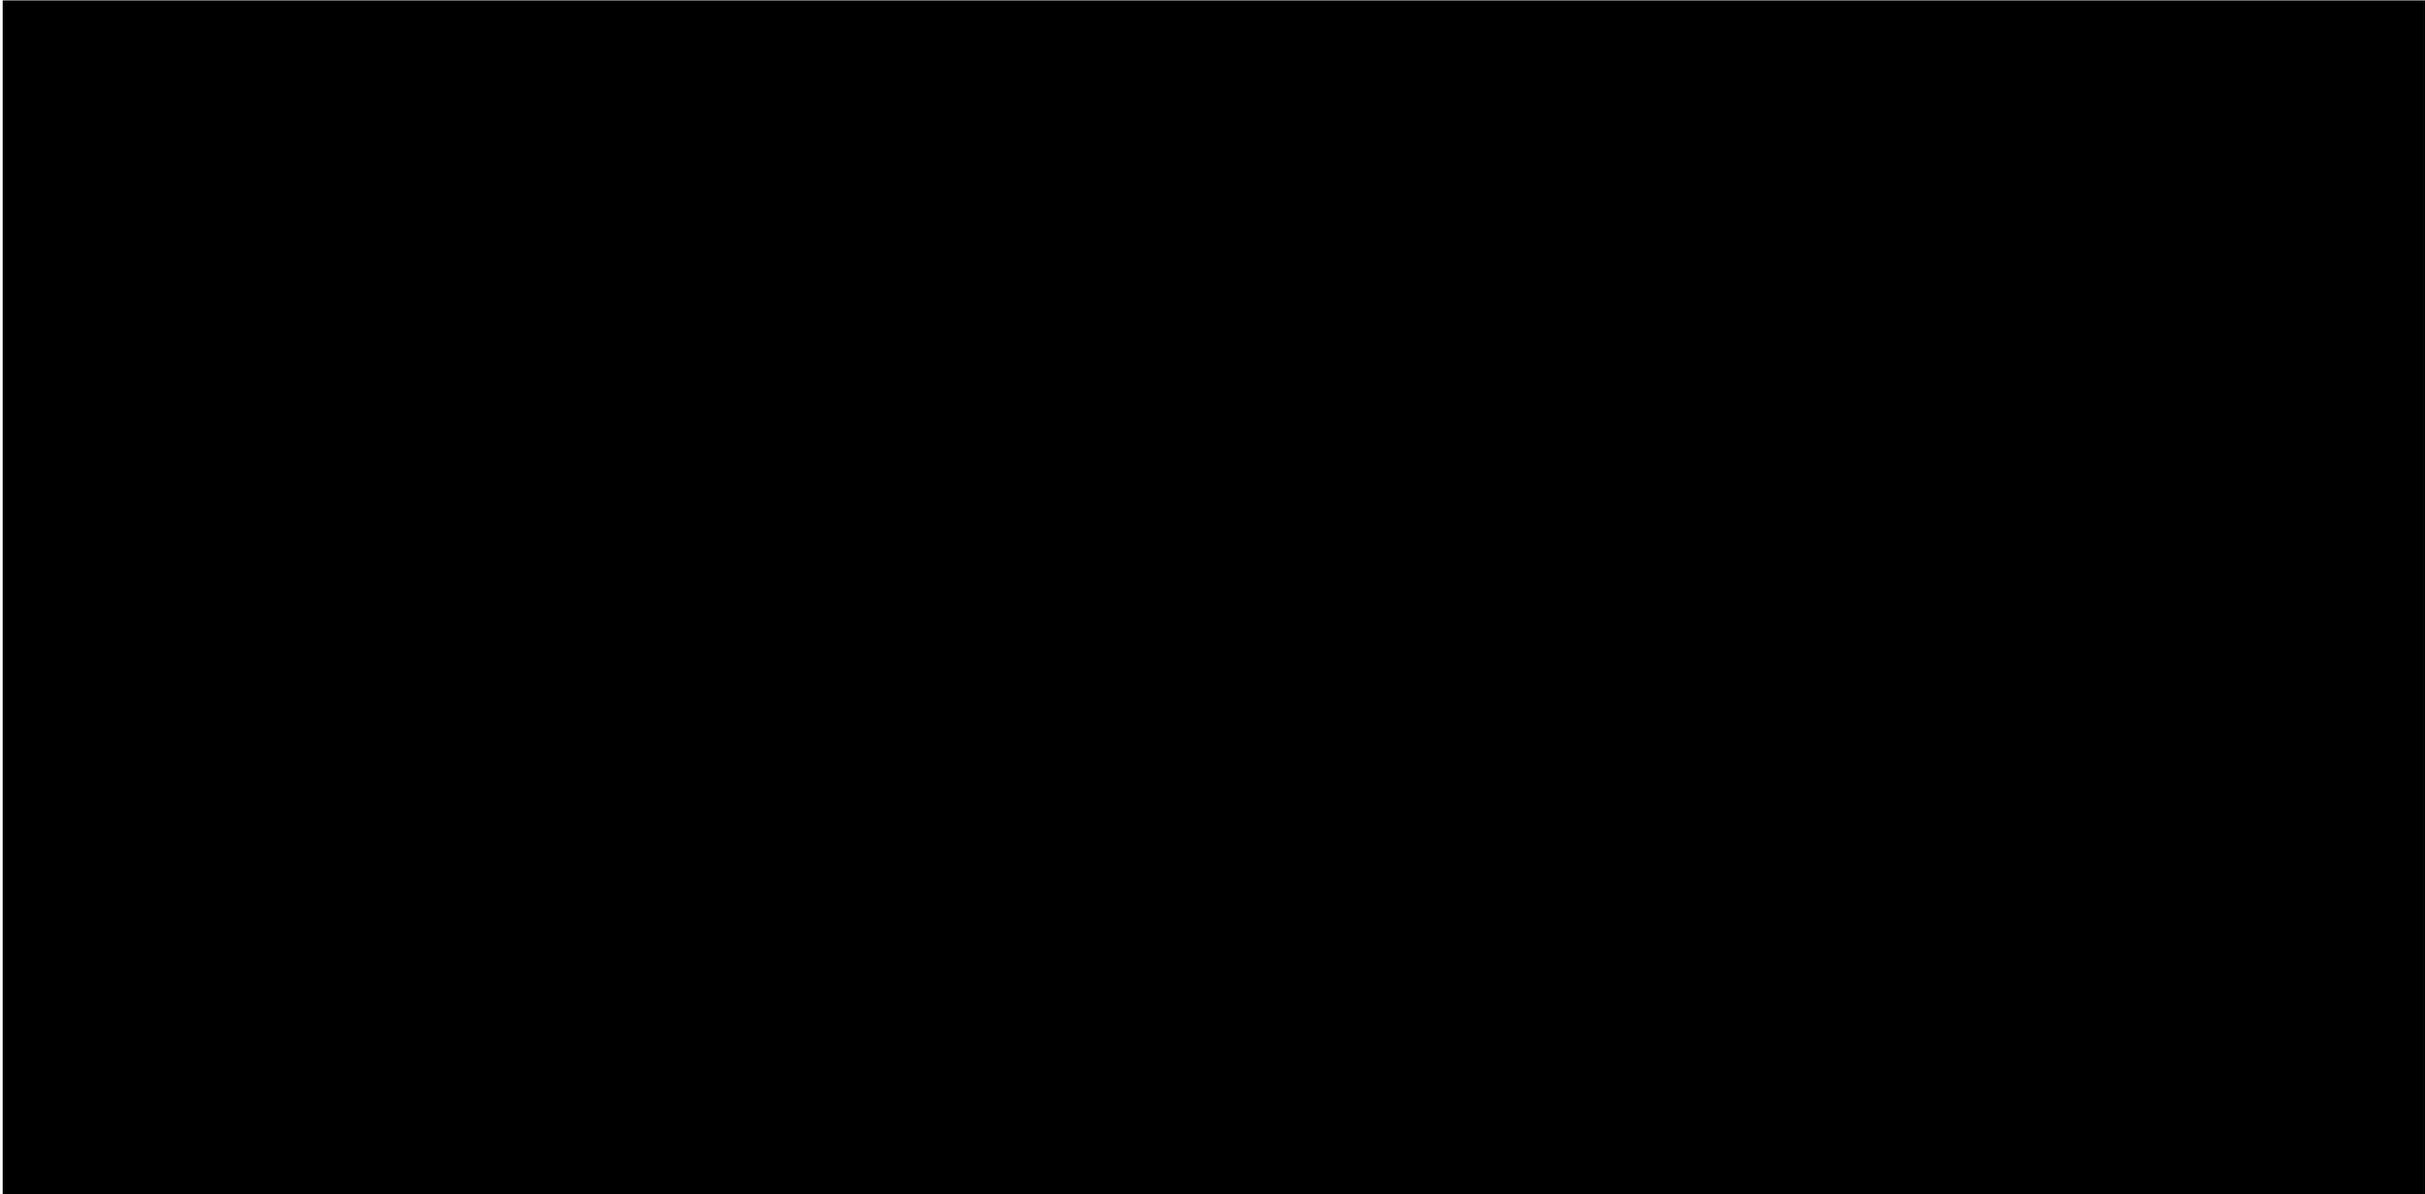

A long, narrow wooden pier made of weathered planks extends from the foreground into the distance, leading towards the horizon. The pier is flanked by a vast expanse of blue ocean with gentle waves. The sky above is a soft, pale gradient, suggesting a sunset or sunrise. The overall mood is serene and contemplative.

Be the change

A dramatic silhouette scene of two hikers on a rocky ridge at sunset. The sun is low on the horizon, creating a bright lens flare and casting the hikers and the rocks into deep shadow. One hiker is on the left, leaning forward and reaching out to help the other. The second hiker is on the right, stepping across a gap in the ridge, with their hand held by the first hiker. The sky is filled with soft, golden clouds, and the overall mood is one of teamwork and overcoming challenges.

Lead the way

#humanexperiencemanagement

Thank you.
